1. HEALTH STATUS FORM

Please answer the following questions in writing and bring along the signed form.

If you don't have access to a printer at home, blank forms are also available at the entrance of the practice to fill out before coming up to the reception.

Patient (Last name, first name):

For children (Name of guardian):

Date of your visit / the visit of your child:

(1) Are you / your child, or any person in your household showing any of the following symptoms?

Coughing - Fever - Shortness of breath - Impaired sense of smell - general cold symptoms

Your response (yes / no / not sure):

(2) In the past 2 weeks, did you have contact with any persons (family, friends, or otherwise), who showed any of these symptoms and/or were diagnosed with Covid-19?

Your response (yes / no / not sure):

(3) Has anyone at your workplace / your school fallen sick with Covid-19?

Your response (yes / no / not sure):

(4) Are you over the age of 60 and / or are you / your child part of a high-risk group for Covid-19?

Your response (Yes / No / Not Sure):

If you have answered any of the questions above with "yes" or "not sure" - please do not come for your appointment directly; instead, please contact us by email, so we can discuss further procedures by phone.

Please also read the guidelines for safe behavior attached.

..... Place & Date signed

2. SAFETY GUIDELINES

- **No unannounced visits to the practice are permitted.**
- **Please bring the signed health status form** to your appointment and hand it in at the reception. No appointments can take place before receipt of the form.
- **Please be punctual for your appointment.** Due to COVID-related measures, resources are heavily constrained. Please only change your appointment if absolutely necessary, and 48 hours before at the latest, so we can schedule the required resources and avoid any unnecessary expenditure to you.
- **If you are over the age of 60 or you / your child are part of a high-risk group**, please let us know on the phone before your appointment so we can take this into consideration for scheduling appointment times.
- **Please brush your teeth in advance of the appointment, at home** - due to hygiene measures, tooth brushing in the public area of the practice should be avoided.
- **For children / adolescents: max. 1 accompanying person. Please also discuss safety guidelines with your children.** (As much as we're happy to see grandparents come along for appointments in regular times, we would currently strongly caution against it.)
- **Please bring your own face mask. You must always wear a mask at the practice.** Please only take off your own mask / your child's mask upon instruction; when taking off a mask, please do not place it on any bare surface, but keep it on a piece of paper towel.
- **At the reception: Please keep 2 meters distance to other people. Please wait to be called forward before advancing to reception; then, hand in the signed health status form.**
- **Hand hygiene:** Please wash your hands with soap or use disinfectant before treatment starts.
- **In all rooms: Please keep all conversation to a minimum**, in order to reduce the risk of droplet transmission.
- **Please do not unnecessarily touch** any items lying around.
- **Please do not touch your mouth or reach for your orthodontic appliance with bare hands**, to avoid spreading saliva on your hands and nearby surfaces.
- **If you have accidentally** touched your mouth or orthodontic appliances, please wash your hands immediately with soap.
